Profile

Aspiring Software Engineer with internship experience in Java development. Strong understanding of Object-Oriented Programming, data structures, and debugging. Skilled in Java, C#, C and web technologies with practical experience from team projects and hackathons. Experienced with IntelliJ and Git. Solved 50+ algorithm problems on platforms like LeetCode. Passionate about solving real-world problems and committed to delivering efficient, high-quality solutions.

Education

B.E. Computer Science and Engineering

2021 – 2025 | Erode, India

Velalar College of Engineering and Technology

CGPA - 7.39 Percentage - 73.9%

HSC

2020 – 2021 | Erode, India

CARMEL MATRIC HIGHER SECONDARY SCHOOL

Percentage - 81%.

SSLC

2018 – 2019 | Erode, India

CARMEL MATRIC HIGHER SECONDARY SCHOOL

Percentage - 80%

Professional Experience

Internship

06/2023 – 07/2023 | Bangalore, India

TechCiti Pvt Limited

- Completed a Java Development Intern at TechCiti Private Limited, gaining practical experience and skills in Java development within a professional environment.
- Built and tested GUI-based Java apps using Swing and NetBeans.

Projects

DETECTION OF ACTIVE EAVESDROPPING ATTACKS

01/2025 – 05/2025

- Developed a Java-based simulation tool to detect and counter active eavesdropping in communication networks.
- Implemented packet inspection and anomaly detection algorithms to identify suspicious intrusion patterns.
- Achieved over 85% detection accuracy on simulated attack data using custom rule-based logic.
- Focused on secure data transmission and system integrity across network layers.

HAND GESTURE CONTROLLER FOR MEDICAL USE

03/2024

- Designed a gesture-controlled interface for patients with mobility impairments.
- Improved responsiveness using optimized recognition algorithms.

TICKET BOOKING SOFTWARE

03/2024

- Collaboratively implemented a train ticket booking software as part of a team project, showcasing proficiency in software development and teamwork.

Participation & Certification

4th International Conference on Computing and Intelligent Technologies (ICCIT 2024)

03/2025 | Erode, India

 Bannari Amman Institute of Technology, Tamil Nadu

- Presented the research project "**Detection of Active Eavesdropping Attacks**" using Java-based simulation and anomaly detection.
- Explained real-time intrusion detection techniques and secure communication models for modern networks.
- Showcased results demonstrating 85%+ accuracy in detecting malicious traffic patterns.

PROJECT EXPO

04/2024 | Erode, India

HAND GESTURE WHEELCHAIR

- Project selected and recognized at the college-level **Project Expo-2024** for innovation and social impact.
- Worked collaboratively in a team to integrate hardware control logic with gesture inputs.

THINKATHON

02/2024 | Erode, India

Winner - Thinkathon-Problem-Solving Ideation Challenge

- **Won First Prize** in an ideation-based problem-solving competition among 40+ participants.
- Proposed an innovative and practical solution to a real-world challenge during the event.

HACKATHON

11/2023

SMART INDIA HACKATHON

- Participated in the 'Smart India Hackathon 2023' organized by the Ministry of Education's Innovation Cell and the Institution Innovation Council under the Government of India, achieving certification for college level participation.

CLUB PYLAMP

11/2023 | Erode, India

Winner - Solvide-2 Problem Solving Competition (2024)

- Secured **1st place** among 50+ participants in a coding and algorithm challenge organized at the college level.
- Demonstrated strong problem-solving, logical thinking, and efficient coding in Java and C.

Skills

Programming skills:

- Java
- C
- C#
- Python(Basic)

Concepts:

- Data Structures
- Algorithms
- OOPS

Web Technology:

- HTML
- CSS
- JavaScript
- MongoDB
- SQL

Tools:

- NetBeans
- IntelliJ IDEA
- Git/Github
- Figma
